Some call living on campus "the total college experience." We agree.
The mission of Housing and Residence Life is to provide a comfortable, secure, and nurturing living/learning environment conducive to students’ academic and personal development goals, while intentionally fostering a sense of community, civic responsibility, and an appreciation for diversity.

Who lives on campus?
All unmarried, full-time students are required to reside in University housing during their first two years of enrollment unless they are at least 21 years of age, and/or are living with their parent/guardians in their primary family homes that are within a 50 mile radius of the University’s campus.

What is an RD?
A Residence Director is a part-time, live-in graduate student enrolled in a Marywood master’s or doctoral degree program. The RD supervises a Resident Assistant staff (RA), receives training in human development and has office hours posted on his or her office door. There is always an RD on-call 24 hours a day, seven days a week in case of an emergency.

We have four RDs who oversee the Loughran, Regina/Immaculata, Madonna, and Woodlands/Houses communities.

What is an RA?
A Resident Assistant is an undergraduate or graduate student selected on the basis of leadership ability, communication skills, interpersonal relationship skills and an expressed interest in developing a sense of community among residents. RAs’ act as a resource for students as well as a contact for roommate issues, media-tions, policy enforcement, and questions concerning campus life. Two RAs’ per staff are on duty every night in order to insure the welfare of the residential students.
