

PROFESSIONAL REVIEW FORM

INSTRUCTIONS: Complete this form when you have created or adapted a questionnaire, interview questions or other instrumentation, or when planning to use standardized instruments which lack established validity or reliability. The reviewing professional must hold a Master's degree or higher in a related discipline, and have no role within your study (e.g. professor who does not serve as advisor or on your thesis/dissertation committee; professional working in field). **Submit the completed and hand-signed form at www.irbnet.org with your submission package.**

I certify that I have reviewed the self-created, adapted or non-validated and reliable research questionnaire, interview questions or other instrumentation that will be utilized in this study. I attest that it/they are appropriate for the nature of the proposed research and fully endorse utilization within this study.
